

Hammer tacker

HT55

EAN 0079055 819103

Article number 819103

ARROW
HOW IT ALL COMES TOGETHER

Function description

Powerful & safe: Made for tough roofing work. The HT55 is a robust hammer tacker made of corrosion-resistant material and was developed for daily use on the roof. Its non-slip soft grip ensures a secure hold, even during long working hours. Thanks to maximum impact force, the flat wire staples are secured with the first strike – even in demanding applications. The magazine for 160 staples can be refilled quickly and easily. Ideal for fast and secure fastening of roofing and plastic sheeting as well as vapour barriers.

Technical specifications

Produktart Tools	Hammer tacker	Material	Steel
Klammernart Arrow	Flachdraht	Dimensions (L x W x H)	307 x 43 x 78 mm
Klammerntyp Arrow	T50	PU1, net weight	0,891 kg
Verpackung	Faltschachtel	PU1, EAN	0079055819103
Anwendungsart	Dachdecker Tacker, Folientacker	VPE2 (KAR), Inhalt	6
Colour	Chrome	Customs tariff number	82055980
Colour, secondary	red	Klammerlänge	6 – 10 mm
