Function description

Compact and precise: the ARROW JT21 fine wire tacker. The ARROW JT21 is a particularly light and compact hand tacker for precise crafting, fabric and DIY applications. Its ergonomic design allows for comfortable working, while the staple viewing window and quick-loading system provide a quick overview and enable rapid staple changes. The JT21 uses JT21 staples in lengths of 6–10 mm and features a robust steel lever in a lightweight polyamide housing.
